## Experience

DEC 2021 - PRESENT

### Software Developer (UI/UX Focus)

Wipro (Client: ICICI Bank) · Pune, India

Led UI/UX design and front-end development for ICICI Bank's core digital platforms, enhancing user experience and engagement.

Created comprehensive wireframes, user flows, and high-fidelity prototypes using Figma and Adobe Creative Suite.

Developed responsive, cross-browser compatible pages with HTML5, CSS3, Bootstrap 5, and JavaScript.

Designed accessible interfaces meeting WCAG standards and improved engagement with micro-interactions and animations.

Leveraged AI tools like UX Pilot for design optimization and code generation, boosting team efficiency by 15%.

DEC 2019 - DEC 2021

### Web Designer

Fountaintechies Pvt. Ltd · Pune, India

Designed and developed visually engaging, high-performance websites tailored to client branding and business objectives.

Managed complete project lifecycles from conceptualization and design to deployment and maintenance, ensuring timely delivery.

Implemented mobile-first responsive layouts, ensuring a consistent and optimal user experience across all devices.

APR 2017 - AUG 2019

### Web Designer

SASPL · Pune, India

Created diverse brand assets including logos, icons, and marketing banners using Photoshop, Figma, and Illustrator.

Developed and maintained client websites, ensuring alignment with branding goals and functional requirements.

Conducted regular website maintenance and troubleshooting to guarantee optimal performance and uptime.
